With the help of Parents:-

- Have atleast two meals together with your parents and discuss the importance of hard work of the farmers and forbid them to waste their food.
- Let them wash their own plates after every meal. Children learn dignity of labour from such activities.
- Allow them to help you in cooking. Let them make their own vegetable and fruit salad.
- Make a visit to grandparents and let your children tie up with them. Their love and emotional support is very important for your child. Click snaps with them.
- Take them to your workspot and let your child understand that you work very hard to support the family.
- Gently encourage your child to raise a kitchen garden by planting seeds. Knowledge about plants and trees are an integral part of your child's growing up.
- Share stories about your childhood and your family history.
- Keep your children away from rush driving, TV, Mobile phones, computers and other electronic gadgets, they have their whole life for them.

As parents, it is important to invest your time with them now.
